

PRODUCT GROUPS

CSIR International Convention Centre
Meiring Naude Road, Brummeria, Pretoria

Ensure your business is at the forefront of the Southern African agriculture industry exhibiting alongside fellow industry leaders and innovators.

Africa Agri Tech attracts forward-thinking manufacturers, importers and distributors of science and technology solutions for the agriculture industry across the fields of horticulture, row / field crops, industrial crops and livestock farming.

Smart farming solutions

- Big data aggregators & applications
- Blockchain solutions
- Connectivity solutions
- Context aware computing
- Data & predictive analytics platforms
- Digital agronomy
- Digital marketplaces
- Farm management software
- Fertigation solutions
- Grazing management solutions
- Herd management applications
- IoT field monitoring platforms
- Marketing & trading platforms
- Monitoring & sensor solutions
- Pest sensing applications
- Soil & water intelligence platforms

Scientific farming solutions

- Bioinstrumentation & biosensors
- Bio-nanotechnology
- Biosafety systems
- CRISPR gene editing & rapid iteration selective breeding
- Cultured protein & synthetic technology
- Disease resistance solutions & vaccines
- Genetic selection & editing
- Livestock biometrics & wearables
- Nutrigenomics
- Nutrition & feed research
- Plant improvement and seed improvement solutions
- Soil improvement solutions
- Synthetic biology
- Veterinary medicines and research

Automation, equipment & robotics

- Agbots & advanced farming implements
- Control platforms & systems
- Earth observation & UAV technology
- Equipment telematics
- Machine learning
- Precision & variable rate technology
- Remote irrigation systems
- Virtual fencing
- Water management

Allied industry

- Advanced processing and packaging
- Agribusiness consultants
- Banks, finance and insurance
- Carbon marketplaces
- Certification agencies
- Cold storage and refrigeration
- Energy and renewables
- Farm security technology
- Food traceability consultants & systems
- Post-harvest logistics processing and packaging
- Supply chain analytics & efficiencies
- Sustainability dashboards

Industry specialists

- Agricultural research organisations
- Commodity organisations
- Development agencies
- Foreign trade partners & promotion agencies
- Government departments
- Industry associations
- Industry media
- Marketing agencies
- Parastatals & State-Owned Enterprises
- Research organisations, councils & universities
