

Product Groups

Farm Technology

Digital Agronomy & Production

Automation / Robotics Row Crops
Bee Keeping / Pollination
BioGeoChemical Sensors
Data Aggregators, Integrators, Analytics
Data Modelling & Visualisation
Digital Marketplace (Input)
Field Monitoring
Imaging Analytics
Imaging Systems & Services
In-Field Soil Sensing
Integrated Solutions
IoT Monitoring Platforms
Next Gen Soil Testing
OEM/Input Digital Agronomy Platforms
Pest Sensing / Monitoring
Precision Applications
Precision Irrigation
Remote Imaging & Data Providers
Remote Imaging Analytics
Soil Sampling Automation
Soil Sensing / Analysis

Planning & Farm Management

Crop / Farm Management Software
Databases & Resources
Decision Support / Scenario Modelling
Ecosystem Enablers
Farm Data Management
Farm ERP
Farm Management Information System
Farm Management Software Interfaces
Labour Management
Machine Learning
Models & Reporting Frameworks
Retail ERP
Smallholder Farms
Sustainability Tools
Water Management

Livestock Technology

Activity Tracking / Wearable
Automation / Robotics
Barn / Stall / Pasture Tech
Cattle Herd Management
Disease Detection / Prevention
Fertility / Breeding
Livestock Management
Livestock Trading
Nutrition / Feed
Operations Management
Pasture / Grazing Management
Veterinary Medicines & Research
Virtual Fencing

Industry Specialists

Agricultural Research Organisations
Associations & Industry Bodies
Cold Storage & Refrigeration
Development Agencies
Energy & Renewables
Equipment Technology
Farm Security Technology
Foreign Trade Partners & Pavilions
Imports & Exports
Industry Specialists
Media
Parastatals & Government
Post-Harvest Logistics
Processing, Packaging & Labelling

Biotechnology & Genetics

Bioinstrumentation & Biosensors
Biosafety Systems
Disease Resistance Solutions
Gene Editing & Selective Breeding
Livestock Biometrics
Synthetic Biology & Cultured Protein

Indoor Ag Tech

Component Technology

Automated Crop Protection
Crop Monitoring
Environmental Controls
Environmental Monitoring
Harvest Robotics
Internal Transport
Irrigation & Fertigation
Lighting Systems
Management & Analytics
Nursery Automation
Pest Disease & Monitoring
Post-Harvest Automation

Next-Gen Growers

Industrial Appliances
Container Systems
Greenhouse Growers
Greenhouse Production Systems
Sunless Growers
Sunless Production Systems

Market Access & Financing

3rd Party Verification Software
Agribusiness Consultants
Banks, Finance & Insurance
Blockchain
Carbon Marketplaces
Crop Marketing / Trading Platforms
Digital Marketplace (Offtake)
Farmland Analysis
Financing Marketplaces & Tools
Food Recovery
Sustainability Dashboards
Yield Forecasting
